

WORK OUT AT STENUNGSBADEN

Work out with our personal trainers

EASY YOGA | 30 min

This easy yoga helps the participants to become more attentive but also relaxed. It helps to improve the capacity to focus and memorization. It's a short practice focused on bringing awareness while lowering stress and anxiety feelings.

SAUNA YOGA | 30 min

A moment to relax, contemplate and de-stress with breathing, stretching and aromatherapy. Aromatherapy helps awaken the senses. Pranayamas (breathing) and easy seated stretching (asanas) together with acupressure points to release body tension. Two times we dip ourselves in the cold ocean to increase the production of good hormones and balance the nervous system.

HATHA FLOW | 60 min

Increases body energy levels while de-stressing the mind. Helps release tensions and stiffness. Set of techniques to bring the participant to a different mindset, feeling happier and more relaxed overall.

YOGA NIDRA | 60 min

Activates the parasympathetic nervous systems which is responsible for the body's ability to relax and restore. Improves quality of the mind, memorization and logic thinking. Helps fight insomnia and anxiety.

STATION WORK OUT

An effective outdoor workout in the arena and around the hotel. Fun and challenging interval workout where we help to motivate and push each other, you set the bar according to your own day form. The pass is tailored to the group's wishes. Popular arrangement and as a suggestion, we start the session with fun, sweaty, simple cooperative exercises followed by tabata.

CORE & BALANCE 30 MIN

A session where we focus on core strength, stability and balance. The session is held indoors to pleasant music. Stabilization exercises that create imbalance in the body that will make you laugh as much as you train your whole body's nervous system. Cozy clothes and training clothes work just fine for this class.
